- the present General Terms and Conditions of Rental;
- the Rental Offer,
- the Reservation made by the Customer.

## **ARTICLE 3: PURPOSE**

The purpose of these General Terms and Conditions of Rental is to define the conditions under which the Renter rents a Vehicle from the Rental Agency.

They are completed by the Rental Offer and the Reservation made by the Customer.

## **ARTICLE 4: DURATION**

### **4.1. Initial period**

The duration of the Rent is specified in the Contract and may not exceed twenty-eight (28) days from the time the Renter takes possession of the Vehicle. In the event of use of the Vehicle exceeding twenty-eight (28) days, several successive Rental Contracts must be concluded with the Rental Agency. In the event that several successive and continuous Contracts are concluded, the Vehicle must always be presented to the Rental Agency by the Renter between each Contract for an inventory.

### **4.2. Renewal**

The Renter undertakes to inform the Rental Agency without delay of any event resulting in the impossibility of returning the Vehicle to the agreed place, date and time.

The Renter wishing to extend the duration of the rental of the Vehicle or being unable to return the Vehicle at the agreed time and/or on the agreed day must, without delay, contact the Rental Agency so that the Parties can agree on the renewal of the Contract.

If the Vehicle is available for the new period requested, a new Contract (or, in the case of a Contract with a duration of less than twenty-eight (28) days, an amendment) will be concluded between the Parties, in accordance with the conditions in force at the time of signature, and will take effect following the payment by the Renter of the sums corresponding to the new Contract.

If the Vehicle is not available for the new period requested, the Renter undertakes to return the Vehicle to the place, date and time initially agreed. If other vehicles are available, the Renter may make another Reservation.

The Renter acknowledges that any lack of response from the Rental Agency shall not constitute acceptance of the Renter's request.

The Renter must pay for the additional kilometres driven under each Rental Contract that has expired, even if a new Contract is concluded for the same vehicle.

If the Renter does not return the Vehicle within the time or place stipulated in the Contract, and does not agree an extension with the Rental Agency, the Renter will be liable for compensation per day of delay in the amount of the daily rate in accordance with the Price List. The Rental Agency may deduct this compensation from the security deposit.

The Renter acknowledges that failure to return the Vehicle in accordance with its commitments may result in legal proceedings, particularly for theft.

The Renter may not transport more people than shown on the vehicle's registration certificate.

Failure to comply with one or more of these obligations will automatically transfer to the Renter full responsibility for any damage that may occur to the Vehicle or to a third party.

The Renter acknowledges that smoking or transporting animals inside the Vehicle is strictly prohibited.

Only the Renter and any additional drivers approved in accordance with article 7.3. may drive the Vehicle for the duration of the Rental Contract. Failure to comply with this obligation will automatically transfer full responsibility for any damage to the Renter.

The Renter and any additional drivers acknowledge that the insurance taken out only covers the use of the Vehicle in the countries covered by the Insurance and that driving the Vehicle in a country not included in this list is prohibited and excludes the insurance cover.

The Vehicle circulation area is limited to Slovenia and the following countries: Austria, Andorra, Belgium, Switzerland, Czech Republic, Germany, Denmark, Spain, Estonia, France, Finland, United Kingdom of Great Britain and Northern Ireland, Greece, Hungary, Croatia, Italy, Ireland, Luxembourg, Lithuania, Latvia, Malta, Norway, Netherlands, Portugal, Poland, Sweden, Serbia, Slovak Republic. The Renter undertakes to use the Vehicle in the same way as his own vehicle and to carry out any necessary maintenance during the rental period, in particular by regularly checking the levels of all liquids required for the operation of the Vehicle. The Renter and any additional drivers must follow the instructions for use, in particular with regard to the use of exclusively specified fuel, they must take care of the appropriate level of oil and antifreeze in the Vehicle, the appropriate pressure in the tyres and comply with all applicable legal provisions for driving the vehicle. The Renter shall also bear full responsibility for any malfunctions or new failures/damages to the vehicle resulting from use of the Vehicle contrary to the instructions, use of the wrong fuel or use of the wrong quantity or type of other fluids necessary for the normal operation of the Vehicle. The Rental Agency may charge all additional management costs incurred for intervening in such cases, the amount of which is specified in the price list.

Should the Vehicle need repairs during the Rental Period, the Renter undertakes to notify the Rental Agency immediately. The Renter acknowledges that any repairs carried out without the prior written consent of the Rental Agency and any possible malfunctions resulting therefrom shall be at the sole expense of the Renter.

In the event of an accident or similar incident, the Renter/Driver must - after securing the site and providing the first aid - take all necessary steps to avoid further damage and to protect the evidence, and in particular must immediately call the police and the Rental Agency, even in the event of a minor accident. In the event of an accident, the Renter or any Authorised Driver must make a report by filling in the document provided in the Vehicle, except in case of force majeure. If a police report or a bailiff's report has been drawn up, these documents must be attached.

The report must state:

- the circumstances, date, place and time of the damage event,
- the names and addresses of any witnesses,
- where applicable, the registration number of the third-party vehicle involved, the name and address of its owner, the name of the insurance company and the number of the relevant insurance policy.

If the Vehicle is stolen, it is necessary to inform the Rental Agency immediately and to follow its instructions.

The Renter or any Authorised Driver has no authority to enter into any contract or transaction in the name and on behalf of the Rental Agency or its Insurer.

### **8.3. Return of the Vehicle**

The Renter undertakes to personally return the Vehicle no later than the date, time and place agreed at the time of the Reservation.

Upon return of the Vehicle, an inventory of the Vehicle shall be carried out in an identical manner as the inventory carried out upon delivery.

The Renter undertakes to return the Vehicle in the same condition as indicated on the inventory at the time of taking delivery of the Vehicle, accompanied by all its accessories (in particular safety equipment), on-board documents, manuals and operating instructions, which he will replace at its own expense in the event of destruction, loss or theft, in addition to the payment of a handling fee, the amount of which is indicated in the price list. In the event of theft or loss of the original keys, the Renter shall immediately report the theft or loss of the keys to the Rental Agency.

The Renter acknowledges that the Vehicle must be returned with the same quantity of fuel or electrical charge as indicated in the inventory at the time of taking delivery, and with the same level of cleanliness. Otherwise, the Rental Agency reserves the right to charge the Renter a fixed sum for restoring the Vehicle to its original condition, refuelling and a handling fee, all in accordance with the price list.

### **8.4 Assistance**

The Vehicle is eligible for assistance in the following cases:

- mechanical, electrical or electronic failure,
- battery failure,
- accident.

In such cases, the Renter can call the following assistance number: 080 2864.

## **ARTICLE 9: LIABILITY OF THE RENTER**

During the rental period, the Renter is responsible for any damage to or loss of the Vehicle, including parts and equipment. In the case of major damage to the Vehicle exceeding the amount of the Renter's liability, or in the event that the Renter does not have a damage insurance policy for the Vehicle, the damage to the Vehicle can be calculated on the basis of an estimate of the repair costs to which the Vehicle depreciation is added, or on the basis of the maximum replacement value in case of theft or loss of the Vehicle. In addition, the Renter shall also bear the costs of towing and appraiser, the loss of the possibility of further rental, the administrative costs incurred in processing the claim in accordance with the price list and other costs incurred. In the event of minor damage to the Vehicle, the cost of repairing the damage shall be charged according to the "Minor Damage Price List" available and published at each rental location.

## **ARTICLE 10: LIMITATION OF LIABILITY**

The Renter can reduce his liability to a certain extent - according to Article 9 - for a single event, either by buying out the LDW's liability (reduced liability in the event of new damage and/or theft), except as prescribed in Article 11. This shall be noted on the rental contract and charged according to the price list. The Renter may, subject to having already reduced his liability by purchasing a Top LDW or Super Top LDW product, additionally insure the tyres and windows by purchasing a "Tyre&Glass" product. The limitation of liability in the event of an accident applies only to damage to the vehicle bodywork and does not apply in any case, as detailed in Article 11, whenever the vehicle has been used contrary to the instructions for use and/or contrary to these Terms and Conditions of Rental.

#### **ARTICLE 11: INVALIDITY OF THE LIMITATION OF LIABILITY**

The limitation of liability under Article 10. shall not apply in the event of a breach by the Renter/Driver of any of the conditions set out in Articles 6. to 8. In particular, the limitation of liability does not apply:

- in the event of failure to call the police in case of damage or theft of the Vehicle - whether or not a third party is involved - thereby depriving the Rental Agency of the opportunity to investigate the matter impartially;
- if the Vehicle has been operated by an unauthorised person;
- in the event of a breach of the provisions of 8.2;
- in case of driving the Vehicle under the influence of alcohol, sedatives, tranquillisers or any other substances that may affect driver's ability to drive, resulting in damage or loss of the vehicle;
- if the Vehicle key and/or documents are not returned to the Rental Agency;
- in cases where there is a substantial probability that the damage was caused intentionally or due to obvious negligence.

Invalidity of the limitation of liability shall result in the full liability of the Renter, in accordance with Article 9.

The insurance does not cover damage to the insured vehicle in the following cases:

- damage or destruction of the engine and other parts of the Vehicle due to loss of oil or coolant while driving after the vehicle has been damaged;
- due to loss of fuel or use of non-compliant fuel type;
- due to loss or use of the wrong type of AdBlue fluid in vehicles using this technology;
- due to loss or use of the wrong type of engine, gearbox or differential oil as well as coolant for any reason;
- damage caused by the load;
- damage due to operation before final repair;
- damage caused by breaches of legal and technical regulations and rules, technical exploitation of the Vehicle and protective measures;
- damage caused by transport with another vehicle on land, rivers, lakes and sea;
- damage caused by loss or damage to the Vehicle code card and/or keys;
- damage resulting from all forms of wear, tear, abrasion, erosion, cavitation, etc.

All of the above damages result in the invalidity of the limitation of liability and therefore the full liability of the Renter, in accordance with Article 9. Under no circumstances does the insurance cover damage to the tyres and the oil pan. Such failures and damage are always borne by the Renter and are calculated on the basis of the actual costs incurred and the anticipated loss of income as a result of such a damage event.

#### **ARTICLE 12: INSURANCE**

Rental rates include motor third party liability insurance within certain limits - at least - in accordance with legal requirements or as is customary in the country of registration or rental of the Vehicle. Each Free2move vehicle registered in Slovenia is insured for EUR 5,240,000.00 including VAT for loss due to death, bodily injury and impaired health arising from an individual damage event and EUR 1,050,000.00 including VAT for loss due to destruction or damage. This insurance does not cover any material damage in or on the Vehicle.

#### **ARTICLE 13: FINANCIAL OBLIGATIONS OF THE RENTER**

After returning the vehicle, the Renter must pay the full amount, which is derived from the information specified in the Contract. This includes the settlement of any fuel shortage on return of the vehicle, which is charged in accordance with the price list. Pre-purchase of a full fuel tank is possible upon conclusion of the Rental Contract and shall be charged according to the currently valid price list for additional services. The same shall apply to any excess of the mileage limit, whereby any additional or exceeded kilometre shall be charged at the price specified in the price list. If the vehicle is not returned on time, the Renter shall pay the agreed rate for each additional day started. Furthermore, the Renter shall pay the Rental Agency for any damage to the Vehicle not covered by the insurance company. This includes damage to the interior (cigarette burns, etc.) and other equipment, as well as damage caused by improper use and load. The Renter shall pay all costs, including the full value of the Vehicle in the event of damage and/or theft, if this is caused due to the Renter's improper use of the Vehicle. The above applies to all cases, including the case where the Renter's liability has been reduced by the purchase of an LDW product. In the event of an accident where another vehicle or driver is responsible for damage to the Vehicle and the Renter fails to comply with all the items described in Article 8.2., the Renter shall be liable for the damage to the Vehicle in the full value of the damage. Before taking delivery of the Vehicle, the Renter presents his/her credit card which shall be duly pre-authorised by the Rental Agency with the amount of the Renter's liability. The amount of the security deposit varies according to the category of the Vehicle. It shall be determined using the table in the Annex. For the duration of the Contract, a reservation of funds in this amount is made on the bank account of the Renter. The Renter must have available reserve funds in his/her bank account and obtain approval from his/her bank for the maximum limit amount required to conclude the Contract. In the case of payment of the rental costs by credit or bank card, the card holder's signature is considered an authorization to charge the full amount to his/her credit or bank card. This authorisation shall also apply to further claims arising from changes to the rent, damage claims, traffic fines and any towing costs. In the event of an accident, damage, loss or theft of the Vehicle, the Renter must provide and sign an additional credit card debit document to be used to charge any additional costs arising from such an event.

Payment terms: credit or debit card and cash at the time of service or after the invoice is issued within 8 days (unless otherwise agreed in writing between the Rental Agency and the Renter). The Renter is informed that payment is made exclusively by a bank card online, via the Payment Service Provider. The Platform does not accept debit cards (in particular Diners, American Express), electronic (virtual) cards or prepaid cards. The bank card must imperatively be in the Renter's first and last name, especially if the use of this bank card is a prerequisite for insurance coverage.

Except with the prior written agreement of the Rental Agency, in the case of a reservation on behalf of a third party, the Renter acknowledges that he/she is:

- the person who made the Vehicle's Reservation and has concluded the Contract;
- the holder of the requested documents and the bank card used for online payment.

The Renter authorizes the Rental Agency to debit from his/her bank card all amounts related to the performance of the Contract, including any flat-rate charges in the event of partial non-performance of the General Terms and Conditions of Rental by the Renter and deductible franchises in the event of a claim. The amount of these costs is set out in the Price List. The Rental Agency reserves the right to charge a monthly interest at the statutory default rate on all overdue rental amounts, as well as the costs of payment security and recovery.

#### **ARTICLE 14: LIABILITY OF THE RENTAL AGENCY**

The Rental Agency shall endeavour to ensure the perfect condition of the Vehicle and the execution of reservations and deliveries in accordance with the agreements, but shall not be liable in this regard. In particular, it does not assume any liability for the resulting loss or claims by third parties - except in the case of intent or obvious negligence. If the Vehicle is not available and a replacement vehicle cannot be provided within 60 minutes, or in the event of a delay in the agreed delivery for such a time, the Renter has the right to withdraw from the Contract. The Rental Agency shall not be liable for any direct or indirect damage caused by any error, defect or failure caused by mechanical breakdown of the Vehicle. If the property of the Renter/Driver or other passengers is damaged or lost, in

or on the Vehicle, or in the Rental Agency's premises beforehand, during or after the rental, the Rental Agency shall only be liable if intent or obvious negligence can be proven. For all other damage claims based on any legal cause of action, unequivocal or fundamental breach of Contract, the Rental Agency shall assume liability only in the case of intent or obvious negligence, but only up to the amount of the damage that is typical of the Contract and foreseeable.

---

#### **ARTICLE 15: CANCELLATION OF RESERVATION**

If the Renter enters into a contract with the Rental Agency as a consumer, the Renter is reminded that the right of withdrawal normally applicable to distance sales does not apply to activities related to car rental in accordance with the Consumer Protection Act.

#### **ARTICLE 16: PERSONAL DATA**

The personal data collected when the Rental Contract is concluded is intended for the Rental Agency for the purposes of processing and executing the Rental Contract. If it is not provided, the Rental Agency may not be able to process the rental.

It may be communicated to any subcontractor or service provider of the Rental Agency involved in the management or execution of the Rental Contract.

In accordance with the law, the Renter and any Authorised Drivers have the right to access, rectification, deletion, limitation of processing, portability and also the right to object to the processing of their personal data. The Renter and the Authorised Drivers may also make requests to the Rental Agency concerning the processing of their personal data after their death.

The Renter and any Authorised Drivers may exercise these rights by submitting a request to the Rental Agency, whose contact details are shown on the Rental Offer.

The retention period for the personal data collected is determined according to the following criteria:

- the data shall be stored for the time required to manage and execute the Rental Contract, in accordance with the law, for as long as the Renter maintains a business relationship with the Rental Agency;
- the personal data are then archived for the applicable statute of limitations period;
- they are then anonymized or deleted.

#### **ARTICLE 17: APPLICABLE LAW - DISPUTES - MEDIATION IN CONSUMER DISPUTES**

The rental of the Vehicle and these General Terms and Conditions of Rental are governed by Slovenian law.

In the event of any discrepancy between the Slovenian and English texts of this Contract and any of its components, the Slovenian text shall prevail. No modifications to the terms of this Contract shall be valid unless confirmed in writing by the Parties. If one or more provisions of this Contract are found to be invalid, the other provisions shall remain in full force and effect. The competent court in Ljubljana shall have full and exclusive jurisdiction to settle any dispute between the Parties relating to this Contract.
